Dear Applicant City:

Enclosed is the 2009 *Tree City USA Recertification application*. Also attached are the application worksheets for Idaho and step-by-step instructions for completing them. Our hope is that using these worksheets will make the application easier to complete while making the information we receive from cities more consistent. Please submit the completed/signed *Tree City USA Recertification application* along with the *completed worksheets* to the appropriate Community Forestry Assistant shown at the top of this page.

One of the great strengths of the **TREE CITY USA** program is that it encourages and recognizes long-term commitment to community forestry. Annual recertification provides an opportunity for each **TREE CITY USA** to review its program and to tell the National Arbor Day Foundation and us just how well your city is doing. Your **Tree City Application for Recertification** is enclosed. Please send the completed application to the Community Forestry Assistant in your area as early as possible, but not later than December 1, 2009. This will allow us sufficient time to review applications and forward them to the State Forester for his signature by the end of December.

When preparing your application, remember to include information for each of the four standards, as listed on the Tree City Application for Recertification. I have enclosed a checklist for your use to assure your application contains the necessary attachments.

As a recertifying Tree City USA, you may also be eligible to apply for the *Tree City USA Growth Award*. Only recertifying Tree City USA's may apply. Submit your completed *Growth Award Application* with your application for recertification. This application has been revised for this year and is also included in this mailing. If you do not qualify to apply for a Growth Award this year, you may want to consider it when planning next year's program.

If you have any questions, please do not hesitate to contact me at I-800-IDAHO-4-U or communitytrees@idl.idaho.gov or the Community Forestry Assistant in your area (as listed above). Thank you for cooperating with the requested December 1st deadline.

Dave Stephenson

Sincerely

Community Forestry Coordinator

Enclosures: Tree City USA Recertification Application

Tree City USA Recertification Application Checklist Standards Worksheets, Guidelines and Samples

TREE CITY USA Application for Recertification

Mail completed application with requested attachments to your state forester no later than December 31. The TREE CITY USA award is made in recognition of work completed by the city during the calendar year.

Please provide information for the year ending.

(Some states require information in addition to that requested on this application. Check with your state forester.)

STANDARDS #I & 2 WORKSHEET

STANDARD #1~ TREE BOARD OR DEPARTMENT

A Tree Board (Committee or Commission) is the group of citizens charged by ordinance to develop and administer a tree management program, for trees on public property, in their community. Instead of having such a Board, some communities have a department, such as a City Forestry Department that fulfills this role.

For Standard #1 please indicate (here or on application):

If I ree Board is responsible for program:	
Date Tree Board was established (if first-time applicant):	
Names of 2009Tree Board Members:	
Dates the Board has met in 2009:	
<u>If Department is responsible for program:</u>	
Date Department was established (if first-time applicant):	
Name of Department:	
Name & Title of person holding position in 2009:	

STANDARD #2 ~ A COMMUNITY TREE ORDINANCE

Communities are required to have passed a **Tree Ordinance** and to submit a copy of that ordinance with the TCUSA application. First-time applicants should also indicate the date the ordinance was established. Those applying for recertification DO NOT need to attach an ordinance <u>unless</u> it has changed.

For Standard #2 please check appropriate boxes on application and attach copy of ordinance, if required

FOR APPLICATION OR RECERTIFICATION

STANDARD #3 WORKSHEET

STANDARD #3~ A Community Forestry Program with an Annual Budget of at Least \$2 Per Capita

This standard requires the community show they have a community forestry program that expends at least \$2 per capita. To do so, communities must attach their program's 2009 work plan, accomplishment report, and detailed budget that documents fulfillment of the budget requirements.

A list of qualifying expenditures and a list of value standards for volunteers can be found on page 8.

For Standard #3 please indicate (on application):

Total Community Forestry Expenditures Community Population	
Tree City USA Standard #3 Financial Worksheet	
Community:	Year:
To calculate your community tree program expenditures, complete the fine cash and in-kind expenditures for public tree care may be included.	ancial worksheet below. All
I. Tree Planting and Initial Care	
Include cost of tree purchases, labor (salaries, benefits & volunteer time), equipment for planting, planting materials, stakes, wrapping, watering, mulching, and competition control, etc.	\$
2. Community Forest Management	
Include pruning, public education, professional training, memberships, salaries/benefits, volunteer time, street and park tree inventory, pest management, fertilization, watering, etc.	\$
3. Tree Removals	
Include cost of saws and equipment, supplies, and labor (salaries/benefits and volunteer time.	\$
4. Volunteer Time	
Value of volunteer labor and other contributions from civic organizations that has not already been included in above categories. (See page 8 for volunteer labor rates.)	\$
5. Administrative Expenses	
Include salaries/benefits, volunteer time and all other costs of activities (not documented elsewhere) such as contract management, grant administration, supervision and other forestry program management activities.	_ \$

Tree City USA Standard 3 Financial Worksheet (Cont'd)

6. <u>Utility Expenses</u>	
a) Line clearance per se is not tree maintenance. Utility trimming expenses are allowed only if the utility is a partner in the city's tree program and has implemented a tree planting program and complies with ANSI A300 pruning standards.	
6a. Enter amount here: \$	
b) The maximum allowed for utility expenses is \$1 per capita.	
Enter the smaller amount—either 6a or the population of your city.	\$
7. <u>Undefined Costs</u>	
 Costs not already mentioned, such as storm cleanup, brush pick- up from non-public properties, chipping of brush from non-public properties, etc. 	
Briefly describe:	
7a) Enter amount here:	
b) The maximum allowed for these other activities is \$.50 per capita.	
Enter the smaller number—7a or the city population times .5.	\$
8. Other	
Include any expenses not already mentioned.

STANDARD #3 WORKSHEET (Cont'd)

Year: ___

Tree City USA Standard #3 Annual Work Plan 2009

An annual work plan outlining the community forestry work that was to be carried out during the year 2009 needs to be provided. The worksheet below contains a column for every month (January—December); within each column there are four dots which represent each of the weeks within the month. Consider using a copy of this form to plan next year's activities.

For each activity, place an "x" on top of the dots for each week of the year your community planned to be involved in that activity (each dot represents one week)

EXAMPLE

STANDARD #3 WORKSHEET (Cont'd)

Tree City USA Standard #3 Accomplishment Report for 2009

While the work plan is what your city set out to do for the year, the accomplishment report is an opportunity to state what you were actually able to achieve and to quantify the progress that was made. Please check all of the "accomplishments" that apply, add any not listed, and indicate quantities where appropriate. **This**Accomplishment Report also needs to be included with your application.

Please check all that apply and indicate quantities where appropriate.

'	Community:			Year:	
	<u>Accomplishment</u>			<u>Accomplishment</u>	
ı.	Adopted or Revised Community Tree Ordinance		8.	8. Attended Educational/Training Programs (specify type and quantity)	
2.	Number of Trees Planted				
3.	Number of Dead/Dying Trees Removed				
4.	Number of Pruned/ Trimmed Trees				
5.	Held Arbor Day Celebration		9.	9. Other: (Specify activity and quantity if appropriate)	
6.	Program Planning (Tree Committee Meetings)				
7.	Distributed Educational Publications				
		(quantity)			

TREE CITY USA QUALIFYING EXPENDITURES

The following expenses for public tree care (street, park, cemetery) may be counted towards the \$2 per capita requirement of Standard 3.

- √ Administrative time
- √ Arbor Day program
- √ Chipping (maximum of \$0.50 per capita)
- √ Computer inventory software
- √ Contract work
- √ Equipment maintenance
- Equipment purchases (large equipment can be depreciated over life span)
- Equipment rental (chipper, bucket truck, stump grinder)
- √ Fertilizing
- $\sqrt{}$ Insect & disease control on trees
- √ Insurance
- Memberships in and donations to tree organizations
- √ Mulching
- Pick-up and/or chipping of tree trimmings from private properties (maximum of \$0.50 per capita)
- √ Prizes for Arbor Day contests
- √ Tree pruning costs (excluding utility pruning)
- √ Public education materials—brochures, newsletters, etc.
- Staff salaries and benefits (or portion thereof) to accomplish the tasks listed on this page (subject to noted limits)

- √ Stump removal
- √ Survey or inventory expenses
- √ Tree board salary (most are volunteer, some are paid)
- Tree care conferences and workshops attended by community workers and/or volunteers
- $\sqrt{}$ Tree purchases and planting
- √ Tree removal (excluding utility removals)
- √ Utility pruning and removals (maximum of \$1 per capita)
- √ Watering
- √ Volunteer labor/time (see table below for rates)
- √ Value of donated materials (including trees)

(Grant money expended for any of these items may be counted.)

Items <u>not</u> eligible toward Tree City USA

- ⊗ Lawn mowing
- ⊗ Leaf pick-up
- ⊗ Tree work on non-public property
- Weed and brush control not related to planting areas (i.e. right-of-ways, etc.)

Determining Value of Donated Services

Labor Rates—Individuals performing tasks normally paid for, their actual rate of pay may be used.

Managerial, Administrative & Clerical Support Services

Grant Project Manager/Coordinator

\$15.00/ hr

Tree Committee Meetings (project planning, etc.) / Secretaries/Bookkeepers

\$10.00/hr (per member)

Professional Services

Engineers & Lawyers

\$40.00/hr

 Consultants (Computer Programming, Urban Forestry, Landscape Design, Urban Planning, Marketing/Sales)

\$25.00/ hr

Forestry Related Project Services

Volunteers under age 16

\$5.15/hr

Volunteers age 16 and older

\$8.00/hr

Equipment Rates— If city has a rate schedule for its equipment, those figures can be used instead.

Chainsaw
 Trencher (for irrigation installation) / Truck Drivers/Heavy Equip. Operators
 Backhoe/Loader
 Gravel/Hoist & Water Truck
 Pickup
 Brush Chipper/Tree Spade/Stump Grinder
 \$35/day
 \$15/hr
 \$25/hr
 \$50/day
 \$30/day
 Contractor rate

FOR APPLICATION OR RECERTIFICATION

STANDARD #4

STANDARD #4~ AN ARBOR DAY OBSERVANCE & PROCLAMATION

This standard requires that you observe and proclaim Arbor Day in your community and show documentation.

For Standard #4:

Please:

- 1. Indicate (on application) date Arbor Day was observed ______
- 2. Attach a copy of your community's Arbor Day Proclamation for 2009.
- 3. Attach documentation that describes event (include items such as agenda, description of event/activities, press coverage and any other information that illustrates how your Arbor Day event was planned and/or carried out).

FOR APPLICATION OR RECERTIFICATION

SIGNATURE & CITY INFORMATION

The application needs to be signed (on the line just below standard #4) by the person making the application. Also, fully complete the sections providing information regarding your community's Mayor (or equivalent) and the City Forestry Contact. That contact can be the parks supervisor, city maintenance person, public works director, city manager, volunteer, city forester, etc.

FOR APPLICATION OR RECERTIFICATION

SUBMIT FORMS TO

This year the Community Forestry Assistant in your area will be processing your application instead of IDL's Community Forestry Coordinator. So please submit completed application & forms, by <u>December 1, 2009</u> to the Assistant in your area. Also, contact them for any questions you might have regarding your application.

SOUTH IDAHO ~ Gerry Bates ~ 208-522-5964

IDL COMMUNITY FORESTRY COORDINATOR

Dave Stephenson 208-666-8621

^{*} If your Tree Ordinance has not been revised since your last Tree City USA application, do not attach another copy. Your tree ordinance is on file in the Coordinator's office. All first-time applicants must include an ordinance with their application.

INSTRUCTIONS

The **Tree City Growth Award** recognizes Tree City communities that have made a significant improvement in their tree care efforts. To be eligible, communities must have been a Tree City the previous year **AND** must have spent at least as much this year on their tree care program as last year¹. In order to qualify for the Growth Award, communities must have completed activities listed in the Growth Award application which total 10 or more points.

Growth Awards are not intended to be achieved every year, but rather mark years when special projects or efforts have raised the level of tree care in the community. Please note that most activities are only eligible the first year they are implemented, unless they are significantly improved. For example, if your community started a continuing education program for staff (activity A8) in one year and used that activity to receive a Growth Award, you cannot use it again for a Growth Award in a subsequent year unless the program was significantly improved.

<u>Please fill in all the information requested on the Growth Award application.</u>

- I. Use the amount shown on your previous year's Tree City application (under Standard #3) for the amount spent on your forestry program last year (2008).
- 2. For each activity that will earn points toward a Growth Award:
 - List the activity number
 - Name of the activity
 - Number of points earned
- 3. Attach separate sheets to document and describe each activity as appropriate. You must supply a good explanation of the activity. Some examples are shown below.
- 4. Mail the completed Growth Award application and accompanying documentation to your Community Forestry Assistant **by December 1st** (see page 1 and 9 for mailing information).

Examples of good activity descriptions

BI New Project or Organization—The City and area public schools have started a joint nursery project. The purpose of this project is to give students experience in the growing and caring of nursery stock. It is the feeling of the partners that when stock is ready for transplanting the school system or city will have the necessary sites where the stock can be used.

The educational portion of this venture will provide the students experience in the care and growing of the tree stock. This will also provide students with business experience when they sell their planting stock.

At present, the schools system will have the site on their property. The city will supply the compost for the beds and much of the mulch in the future.

The present site is $1\frac{1}{2}$ acres with room for expansion. The spring of 1996 will see the first seedlings being installed. With this in place, it can only grow into a very worthwhile project. As the nursery develops, trees will be offered for sale to residents. Labor and supervision will be supplied by students and teachers of the school district.

B7 Engineering/Forestry Coordination—In 1995, the city adopted a sidewalk installation policy for the entire city. Previously, the city had no firm policy. Most subdivisions and commercial buildings developed in the last 25 years do not have sidewalks on their property. The city hired a consultant to determine which areas of the city most needed sidewalks. This year, the city began using the new plan and started installing sidewalks on both sides of the street.

Needless to say that after 25 years of being in place without sidewalks, neighborhoods and businesses expressed a lot of concern regarding the installation of the sidewalks. One of the many problems with installing the sidewalks were trees. The engineering technician and the city forester worked together in determining sidewalk locations to minimize impact on terrace and private property trees. A copy of the new sidewalk policy is enclosed.

Also starting in August of 1995, the city started planning for major improvements to be done to 3 streets [listed]. The city hired a consulting firm to do the engineering for the roadway improvements. The construction for the projects is scheduled for 1997 and 1998. It has been very important that the city forester has been included in the planning of these projects since the very beginning. Enclosures: Notice of first public informational meeting, map of project locations and road improvement detail, public comment form, minutes of meeting, list of attendees, sidewalk repair policy with tree policies highlighted.

Note— if community expenditures for this year's tree program are less than last year, but it was because of special projects or emergency situations, your community can still be eligible for a Growth Award. Provide an explanation for the reason spending is less this year than last.
